

Peace Regional Outreach Campus Daycare

At the Peace Regional Outreach Campus Daycare we believe in providing a safe, comforting, and stimulating environment where the focus is on learning through play for children ages 0 to 3 years.

Beginning in the fall of 2009, we started pursuing a Daycare License. We felt that by becoming a licensed Daycare, we would be providing parents the opportunity to enhance their educational experience by allowing them to access programs and courses off-site.

We are located right at the Outreach Campus site and are open from 8:30am to 4:00pm. Our program runs from September to June and is closed all school holidays.

Parents can now apply for subsidy and our program has recently been accredited. The accreditation process supports child care programs in their efforts to improve the quality of their services and provides parents with information to enable them to choose quality care.
